MOE Announces October as Education Month

The Ministry of Education (MOE) is pleased to announce the launch of the inaugural Education Month in October.

Held under the theme "Celebrating Education, One Victory at a Time," Education Month aims to showcase the transformative power of education and celebrate achievements within the local education sector. It will also create a platform for dialogue among educators, students, and the wider community.

Premier and Minister for Education, the Honourable Juliana O'Connor-Conolly, emphasized the significance of this initiative: "Education Month is not just a celebration; it is a declaration of our un-

wavering commitment to improving education. Each victory we highlight represents a step towards a brighter future for our youth and our nation as a whole. By nurturing critical thinking, creativity, and a passion for learning, we are not just building a world-class education system – we are shaping the very fabric of our society and empowering the people of the Cayman Islands to excel on the global stage."

Key elements of Education Month include:

a. A church service at the Victory Tabernacle on Sunday, 29 September to launch the month's activities.

b. The Regional Transforming Education Symposium & Policy Dialogue in the Cayman Islands from 2-4 October.

c. Curriculum Displays showcasing student achievements and innovative teaching methods in all schools.

d. The release of a series of short videos highlighting educational successes.

The Ministry of Education encourages all residents to actively participate in Education Month activities and join in recognising the pivotal role of education in shaping the future of the Cayman Islands.

Police Issue Reminder on Leaving Children or Animals in Unattended Vehicles

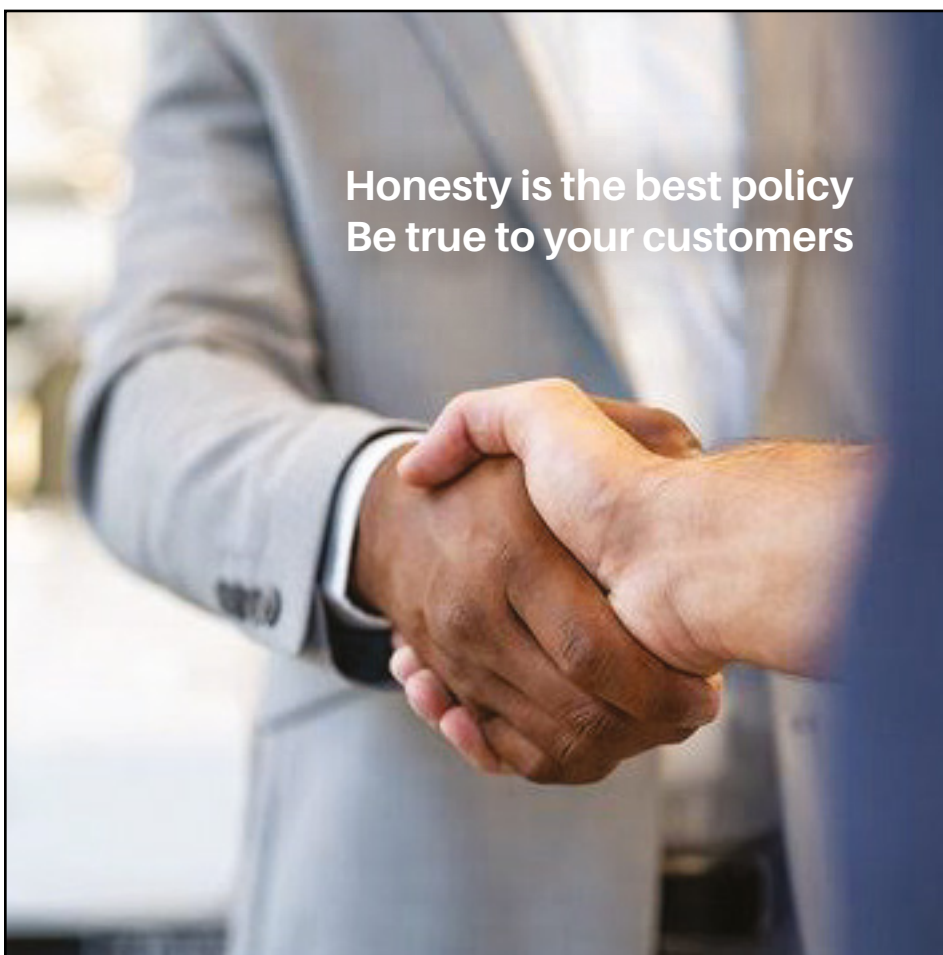

On Tuesday afternoon police officers responded to a report that a young child had been locked in a vehicle outside a business in West Bay. Officers attended the location and spoke to the parent, who requested assistance to gain access to the vehicle. The officers gained access by breaking one of the windows, and the parent was able to retrieve the child, who appeared to be in good health.

While this incident appears to have occurred due to a mechanical failure of the vehicle, the RCIPS is taking this opportunity to remind parents and care-

takers of children, and pets, to avoid leaving them in vehicles unattended, even for very short amounts of time.

One way to ensure they are not forgotten, is to keep an item that will be needed at the destination, such as a phone, wallet or purse, in the back seat next to them. This will serve as a reminder, especially if you are not following your usual routine.

While it may seem safe to leave children or pets in a vehicle with the AC running, there are always unforeseen circumstances which may occur, so it is best to avoid the risks altogether.

Eight new honourees were inducted into the International Scuba Diving Hall of Fame on 28th September, at the Indigo Hotel. Its an incredibly prestigious and unique event, which holds the attention of the whole diving community around the world

It was a celebration of some of the most wonderful people on our planet – people who have dedicated their life to exploring, charting, filming and teaching others about the magical and mysterious other realm which covers two thirds of our globe, and yet most people never get a chance to visit. We know about it and experience it because of them, and they never get tired of warning us of the need to protect it. Vast though it is, it is also as

fragile as it is strong, fearsome, and beautiful.

The awards were divided into two main sections – those living in the Cayman Islands – and those living in other countries. Since the earliest days, when visionary pioneer Bob Soto began the very first dive operation here in the 1950s, the Cayman Islands has been regarded as one of the jewels of the diving world.

Minister of Tourism, Hon. Kenneth Bryan, said “This is an event that holds great significance to Cayman. Tonight, we are here to celebrate and honour pioneers, leaders and emerging talent whose dedication, passion, and innovation have profoundly impacted the world of scuba diving.

“They remind us of our responsibility to preserve and protect our marine environment, not only for

now, but for future generations to come.”

“As one of the world’s premier dive destinations, we are immensely proud of the role our islands have played in shaping the dive industry over the years. Our commitment to preserving our pristine marine environment remains unwavering, and we are dedicated to maintaining the Cayman Islands as a world-class location for divers, marine scientists, and conservationists alike.”

ISDHF Chairman Steve Broadbelt said:

“We are fortunate to welcome back Dan Orr, a previous inductee, to be the keynote speaker. Dan is a legend in the industry, and his career is one we can all learn from. It was great to see how many nominations we received and I’m especially proud that we are recognising four local honourees. I encourage you all to take time to reflect on those you know in the industry who are making a difference and consider nominating them next year.”

This year’s Cayman Islands Honourees include three long-serving individuals in the local scuba diving industry: the late Captain Ertis Ebanks, Barbara MacDowell, and Joanna Mikutowicz. Andrew Ebanks, an entrepreneurial and passionate Caymanian, is this year’s Emerging Honouree.

The late Captain Ebanks was a leading pioneer in the water sports industry as one of the first people to offer snorkelling tours to visitors

in the early 1950s. Captain Ebanks was passionate about the sea from a young age teaching his peers to fish and later building and launching a 61-foot boat in West Bay.

MacDowell, better known as “Barbie” to those in the industry, has been an instructor, boat captain and photo pro in Cayman Brac for more than 30 years. Over the years, many of Cayman Brac’s young people have been trained by her to dive the local reefs and walls.

Mikutowicz of Divetech, is a dedicated member of the Cayman Islands diving community. As a PADI Course Director and Normoxic CCR Supervisor she has issued over 1,800 certifications and logged more than 15,000 dives globally. Her start in the industry began in 1997 with her certification at Bob Soto’s Dive Center in Grand Cayman.

The Emerging Honouree category recognises young and upcoming Caymanians making significant contributions to the industry and was introduced in 2017. Andrew Ebanks is a third-generation seaman and continuing his family legacy in the Cayman Islands water sports industry. His start in the industry began in 2007, where he quickly advanced from deckhand to being a captain and trainer at Nativway Watersports. He is a passionate advocate for Caymanian heritage and marine tourism.

In the International Section, there were four new inductees:

Claudio Guadabassi from Brazil is a visionary entrepreneur and diver who has significantly shaped the diving industry in Brazil. Starting his diving career at 16, he quickly became an instructor and later completed globally in freediving and spearfishing as part of the National Team. In 1971 Claudio founded Claumar Dive Center, one of South America’s oldest dive centres, which has trained generations of dive professionals.

Margo Peyton, driven by her passion for the ocean and family, founded Family Dive Adventures and Kids Sea Camp in 2000 to create family-friendly dive experiences. Since then, Kids Sea Camp has certified over 7,000 young divers, including those with special needs.

Enric Sala, from Spain, is a National Geographic Explorer-in-Residence and dedicated conservationist, known for his work in raising global awareness about the importance of a healthy environment. After serving as a professor at Scripps Institution of Oceanography, where he helped establish the Centre for Marine Biodiversity and Conservation, Sala returned to Spain in 2006 to take up a position in marine conservation ecology.

Since 1993, John Thet from Singapore has played a crucial role in promoting scuba diving and ocean conservation across Asia. Co-founding the world-renowned Asian Geographic Magazine.

'Seniors Rock' Dress Down Day Returns

CONTINUED FROM Page 1

This annual event is proudly sponsored by Butterfield Bank, a key partner in the fight to end senior hunger. All proceeds from t-shirt sales will go directly to providing more than 350 hot, nutritious meals daily to seniors and vulnerable residents across Grand Cayman.

"With the rising cost of living and food prices, we face increased challenges in meeting both operational and capital funding needs. Fundraisers like Seniors Rock are vital in ensuring that we can continue serving our seniors daily, said Ms. Jennifer West, MOW General Manager.

Ms. West went on to highlight the ongoing need for community support adding, "We are also actively raising funds for a permanent Meals on Wheels facility to better serve the community, so we are imploring everyone who can, to get involved and support us so we can continue to serve the growing number of elderly people who are in need."

This year's t-shirts feature a fresh, vibrant design, created by the Butterfield marketing team.

This new design features an elderly man playing the drums, and coloured panels, making dressing down in 2024 a fun and stylish way to show your support. Each purchase helps ensure that Cayman's elderly receive the daily meals they depend on.

"Butterfield's sponsorship reflects the Bank's commitment to making a positive difference in the Cayman community. Rory Mann, Vice President, Cayman Marketing & Communications at Butterfield spoke on the importance of corporate responsibility, saying, "At Butterfield, we believe in giving back to the community and supporting those most in need. Seniors Rock is a fantastic initiative that makes a direct impact on the lives of our older persons, and we are proud to continue our sponsorship. We encourage other businesses to join us by allowing employees to dress down and rock orange to support Meals on Wheels and our seniors."

To participate, businesses, schools or individuals can contact Meals on Wheels at 769-1974 or by emailing info@mealsonwheels.ky or download the registration form at www.mealsonwheels.ky/. T-shirts can be ordered and collected at the Meals

Government Issues Loan Facility RFP via Procurement Site

The Ministry of Finance and Economic Development (MFED) has issued a Request for Proposal (RFP) via the Cayman Islands Government (CIG) official procurement site for the provision of a CI\$150 million loan facility.

Issued on 27 September, the RFP is open until 18 October and is the execution of borrowing approved in the 2024-2025 Budget by Parliament's Finance Committee in December 2023 and thereby legally empowering the Government to borrow up to a total of CI\$150 million over the two-year period.

At that time, it was approved by all Members of Parliament that CI\$27 million in loan funds would be drawn down in 2024 and a further CI\$123 million in loan funds would be used in 2025 for a total of CI\$150 million in planned borrowing over the two-year Budget period.

Although the two-year Budget provides for CI\$27 million to be borrowed in 2024, from 1 January to 30 September 2024, the Government has thus far not incurred any new borrowing for the year. According to the RFP, the first tranche of the proposed loan will be drawn down in late November of this year.

Over the 2024 Budget period, the Government budgeted for a total of CI\$172 million in Capital Expenditures.

It should be noted that the Government incurs two types of expenditure:

1. Capital Expenditure, which is used to fund major projects such as roads, buildings and other infrastructure related projects; and
2. Operating Expenditure, which is used to fund operations such as Personnel Costs, rent, and other consumables.

This loan facility is to fund a portion of the Government's Capital Expenditure, not Operating Expenditure, over two years.

While the Government currently has an Operating Surplus, the Surplus is not sufficient to cover the planned Capital Expenditure. The budgeted Surplus, which is the Government's Revenues less its Operating Expenditure, for the 2024 Financial Year was CI\$43 million whereas the budgeted Capital Expenditures for 2024 amounted to CI\$172 million.

Hence, although a Surplus is budgeted to exist, the Surplus is not sufficient to cover the planned Capital Expenditure in its entirety, and borrowings are therefore incurred to bridge the gap.

The 2024-2025 Budget documents note the Capital Investments into Ministries, Portfolios and Offices intended for the budget period as well as Government's Equity Investments in its Statutory Authorities and Government Owned Companies.

The major investments in this category were budgeted as follows:

- CI\$31.9 million in 2024 and \$33.9 million in 2025 for the continued expansion of educational facilities;
- CI\$14.0 million in 2024 and \$12.5 million

in 2025 for the expansion, and further development of the road network;

- CI\$11.8 million in 2024 and \$8.6 million in 2025 for various park and district upgrades, civic centres and jetties; and infrastructure and development;

- \$12.1 million in 2024 and \$9.1 million in 2025 as Equity Investments in Cayman Airways;

- CI\$10 million for the acquisition of beaches and other lands for conservation, protection, and securing the Cayman Islands environment;

- \$8.0 million in 2024 and \$7.0 million in 2025 as Equity Investments in the National Housing Development Trust to allow an expansion of housing stock in the Islands;

- CI\$7.4 million in 2024 and \$4.2 million in 2025 for the improvement to the prison facilities; and

- CI\$3.8 million per year in 2024 and 2025 for land acquisition.

During the 2024-2025 Budget Debate, Premier and Minister for Finance Hon. Juliana O'Connor-Connolly noted that, inclusive of the planned borrowing, the 2024-2025

Budget is in full compliance with the Principles of Responsible Financial Management as prescribed by the Public Management and Finance Act, or PMFA and those specified in the Framework for Fiscal Responsibility (the FFR).

She also noted that inclusive of the CI\$150 million loan, Cayman's debt to GDP ratio will still be under 10 per cent - making it one of the best ratios in the world. Comparatively, Japan's debt ratio is over 200 per cent and the United Kingdom's is approximately 100 per cent. As of 31 August 2024, the Government's debt balance was CI\$424.4 million.

Pursuant to sections 6 (1) and (3) of the Procurement Regulations, all projects costing CI\$100,000 or more must be published on the website designated by the Central Procurement Office (this designated website is called Bonfire). Additionally, section 7 of the Procurement Regulations afford Government the opportunity to secure the best possible price and to promote competition in the market.

As the Government is expected to incur costs of more than CI\$100,000 in interest costs and other fees, the Procurement Act requires the public tendering of this loan facility.

The loan facility RFP may be viewed at <https://cayman.bonfirehub.com/opportunities/155784>

All 2024 to 2025 budget documents can be found online at <https://www.gov.ky/finance/publications>

CAL passengers to get more choices with new Preferred Seat Selection Service

Cayman Airways Limited (CAL) has announced the launch of its new Preferred Seat Selection service, starting October 16, 2024. For the first time, passengers will have the option to select premium seats such as exit rows and bulkhead seats, offering an enhanced travel experience for those seeking added comfort and convenience.

Importantly, the traditional seat selection process will remain unchanged and free of charge for all passengers. This new service is simply an additional option for those wishing to secure high-demand seats in advance. Passengers can continue to enjoy the same complimentary seat selection as before, for their flight. However, travelers now have the opportunity to purchase a limited number of preferred seats at any point from booking, through to check-in.

Sir Turtle Rewards Platinum and Gold members, as well as Sir Turtle Club Members, will enjoy the added perk of complimentary access to Preferred Seat Selection.

Paul Tibbetts, Executive Vice President of Commercial Affairs and Chief Financial Officer at Cayman Airways, emphasized the value of this service, stating: "Our new Preferred Seat Selection service is another way we're enhancing the customer experience at Cayman Airways. While our traditional, free seat selection remains available to everyone, this feature responds to a long-standing request from passengers who want the opportunity to secure high-demand seats early, enabling them to tailor their journey for greater comfort and enjoyment."

Pricing for Preferred Seat Selection on routes will vary depending on the destination and the specific seat type.

Water Authority's Geology Education Week 2024

Water Authority - Cayman is pleased to announce the return of Geology Education Week for 2024! The event is facilitated by the Water Authority and led by renowned geologist Dr. Brian Jones to promote local interest in the subject of geology.

Scheduled to take place from Monday, 7 October, to Friday, 11 October, the event will feature geology lessons for students at local high schools, including Cayman Brac, and a professional development course for local educators and professionals that includes a field

trip to sites of geological significance in Grand Cayman.

"Dr. Jones is a world-renowned geologist, who has been conducting research in the Cayman Islands for forty years", explains Water Authority Water Resources Engineer Hendrik van Genderen. "He brings a wealth of knowledge and specific local expertise, and we are pleased that he shares this knowledge with local educators and high school students"

WORC Completes 2024 Paid Summer Internship Programme for Caymanian Students Pursuing Careers in the Construction Industry

Workforce Opportunities and Residency Cayman (WORC) is proud to announce the successful completion of its 2024 Paid Summer Internship Programme, specifically designed for Caymanians pursuing a degree or certification in the Construction Industry. This initiative, a key part of WORC's commitment to developing local talent, connected students with leading companies in the construction sector for hands-on experience and professional development.

Over the summer, multiple students engaged in real-world projects across various disciplines within the construction industry, ranging from architecture and engineering to project management and building consultancy. Companies such as Davenport Development, AMR Consulting Engineers, Trio Architecture, Arch & Godfrey, and McAlpine hosted interns, offering them the opportunity to apply their academic knowledge and gain valuable insights into their future careers.

The programme ran from June 2024 to August 2024, with some participants working for six to eight weeks. Each intern was assigned a mentor, providing personalised guidance and support throughout the internship. These companies ensured that the interns gained both technical skills and a comprehensive understanding of the demands of the Construction Industry.

This internship initiative highlights WORC's ongoing efforts to invest in the future of Caymanian professionals by fostering educational growth and offering real-world experiences to shape the next generation of Construction Industry leaders.

Katherine Whittaker, Head of Labour Demands, Development & Training said, "We had originally planned to launch our summer internship programme in 2020, but like many others, our efforts were halted by the challenges of the COVID-19 pandemic. Despite the setbacks, we remained committed to providing this valuable opportunity for Caymanians, and we are proud to have successfully achieved this goal in 2024. It's a testament to our resilience and dedication to supporting the growth and development of local talent."

Ms. Allison Anglin, Acting Manager of the National Training and Development Unit (WORC), stated, "As we navigate a time where many young Caymanians face growing anxieties about their futures, our summer internship programme has provided more than just technical experience. It has empowered students with confidence, direction, and practical skills that will help shape their careers. WORC remains committed to bridging the gap between education and employment, offering vital opportunities that build not only a strong workforce but a more hopeful and resilient future for Caymanians."

Mrs. Denise Myers, Programme Coordinator of the National Training and Development Unit (WORC), stated, "These responsible and forward-thinking young adults have left an indelible mark on their employers by turning classroom theory into real-world practice. Through

these opportunities, lasting positive relationships were formed between participants and their supervisors. As one supervisor remarked, 'I learned just as much from the intern as they did from me,' highlighting the mutual growth fostered by these valuable experiences."

WORC Director, Mr. Jeremy Scott said, "We invite companies to partner with WORC to create valuable internship opportunities. By collaborating with us, your company can play a pivotal role in providing young Caymanians with hands-on experience. This partnership benefits interns by developing their professional skills and offers your business access to a motivated pool of local talent eager to contribute to your organisation. Together, we can create a stronger, more prepared workforce."

Caymanians interested in internship opportunities should contact WORC's National Training & Development Unit by calling 945-9672 or email worc.training@gov.ky or visit worc.ky or follow on Facebook, Instagram and LinkedIn.

CG launches special mammogram initiative for Breast Cancer Awareness Month in partnership with Doctors Hospital

The Cayman Islands | In honor of Breast Cancer Awareness Month, CG BritCay is proud to announce a special initiative designed to support preventative care and raise awareness about breast cancer. Throughout the month of October, clients holding Premier or Provident health plans will be eligible to schedule a mammogram at no cost to the individual through partnership with Doctors Hospital Cayman.

As part of CG BritCay's ongoing commitment to the health and well-being of their members, this initiative offers a critical screening at no out-of-pocket cost. CG recognizes the importance of early detection in the fight against breast cancer, and this initiative reflects our dedication to providing comprehensive healthcare solutions.

"At CG BritCay, we understand that preventative care is a vital component of living a healthy life. By offering this service at no cost to our eligible clients, we hope to encourage more people to take the time for this essential screening. Breast

Cancer Awareness Month is a reminder that early detection saves lives, and we are proud to partner with Doctors Hospital Cayman to offer this service," said Lamar Haynes, CG BritCay's Health Manager.

To schedule a mammogram during the month of October, clients are encouraged to contact Doctors Hospital Cayman directly at +1 (345) 325 9000 or visit doctorshospital.ky. When booking, clients should mention their CG Premier or Provident health plan. Appointments are limited, so it is advised to schedule early to ensure availability.

CG BritCay remains dedicated to providing their members with access to quality healthcare and emphasizes the importance of preventative care to make a lasting impact on their well-being. Additionally, CG recognizes that early detection through regular mammograms is a critical step in the fight against breast cancer, empowering clients to take proactive measures for their health.

Sustainable Cayman Welcomes Caymanian's Roshini A. Seeram and Rita Estevanovich to the Board

► Rita

► Roshini

Sustainable Cayman is thrilled to announce the addition of two new executive officers to their team. According to Controller/Executive Officer, Melanie Carmichael, this exciting development marks a significant step forward in their mission to promote environmental sustainability and conservation in the Cayman Islands.

"We are delighted to welcome Roshini and Rita to our executive team," said Mrs. Carmichael. "Their expertise and passion for sustainability will be invaluable as we continue to work towards our mission: creating healthy, informed communities and a flourishing natural environment."

Cayman Brac native, Roshini A. Seeram, brings five+ years' experience in regulatory and leadership roles in both her career and youth organizations. With a proven track record in finance, Miss Seeram is also on track to pursue a master's degree in Sustainable Development. She is keen to align the sustainable and finance aspects of her field to enhance the organisation's strategic initiatives and expand outreach efforts in her new role.

Rita Estevanovich who hails from West Bay, currently works in London as an actor/voice artist, and leverages her extensive background in cultural heritage preservation, arts development and media. Having been recognised as a Cultural Luminary at this year's Heroes Day, Ms. Estevanovich is joining hands with the dynamic team to explore innovative solutions as well as foster community engagement whilst celebrating and promoting "things Caymanian" through a sustainability lens.

"As the Cayman Islands continues modernising, it is critical we include Caymanians of all ages and backgrounds in the conversation about the long-term effects of the choices we make today. When we really observe and tune in to these three beautiful islands - acknowledging we are part of, not separate from them - win-win solutions emerge for responsible development and the preservation of indigenous lands which ultimately protect our cultural heritage and biodiversity."

The beautiful Vida Ocean Adventure Lodge

New Barkers boutique a haven for wellness

Al fresco yoga

A healthy bite at Notch

immersed in natural vegetation and where the vegetation has had to be removed for construction purposes, plants endemic to the landscape have been replanted and will soon provide natural shade.

"We've got baby coconuts, dessert roses, local mahogany trees, ferns, many plants that we have grown locally," co-owner Milly Serpell explained. "We've managed to keep the beach, the almonds, the sea grape, mangrove trees, the pop nut, the Silver Thatch and some burtonwood that was already here."

Featuring as many locally-made products as possible, Vida is home to some bright and colourful local art both in the shared spaces and in each room, created by artists such as the Soak'd team of Pam and Marc, Laurenson, David Bridgeman, Avril Ward, Julie Corsetti, Renata Seffer and Jo Austin.

A gorgeous and expansive outdoor deck features a pool, sun-loungers and bean bags along with a cabana that can be used for events and private barbeques. While the property doesn't sit right on the water, a short walk down a beautifully shaded path through natural vegetation ("a Cayman jungle" as Milly calls it) leads guests directly to the pristine waters of Barkers Beach where they can pull up a chair and soak up the sun and sea.

Their wellness programme is a big feature of the property and includes yoga and Pilates classes among others. Every week they hold between three and 10 different classes, currently mostly enjoyed by locals, but becoming increasingly popular with guests as they learn about the great fitness opportunities available at Vida.

Most of the yoga and Pilates take place in a beautiful outdoor purpose-built space on the second floor with stunning views of the sea and which Milly advised "comes alive" at night, in particular, giving guests the chance to star gaze into the night sky.

On the third floor another space is dedicated to quiet mindfulness and meditation and guests are encouraged to leave their mobile phones behind and focus on the moment here. This is also a lovely spot for events, especially pre-wedding drinks.

The gym is located on the ground floor and is well-equipped for sporty guests. In all there are 12 suites - six 1-bedroom studios, two 2-bedrooms and four 3-bedrooms. The suites are spacious and well designed, with one bedroom ground floor studios running at 800 square feet and the 2 and 3 bedrooms benefiting from fully fitted kitchens (the studios with kitchenettes), and all with spacious balconies perfect for dining al fresco and also in-room massages. Conveniently, the 2 and 3 bedrooms have their own washers and dryers and guests can enjoy sweeping views of the sea as they are located on the upper floors.
