**At home senior care**

Independent and dignified

## 1 Above the basics

---

Safeguarding seniors and care in the home is a given. However, we know you and your family desire more.

As such Healthcare Community Nurse caters to all parts of a person - desire for independence while aging, supporting the need for purpose in life, creating joyful experiences, as well as, maintaining dignity.

## 2 Professional and loving

---

Our attentive and loving caregivers are professionally trained, background checked and certified to provide senior care. Not only ensuring seniors receive nutritious meals and appropriate medication, our caregivers are caring companions.

## 3 Knowing our clients

---

Getting to know our clients, including their likes and dislikes, medical and physical needs and their passions helps us to connect and forge friendships.

We keep track of needs and wants through technology, so no matter the caregiver clients are always more than a name to us.

## 4 At home care

---

Contact us for an in-home consultation at a time convenient to you and your family.
